Name Proviso
Alumni Grade
Band Director

BY V. L. NEWTON

A Proviso graduate and resident
of Maywood, Henry W. Granlow,
last week was a ppointed
as a member for district 89
successor to Wesley Shep-
ward, who has accepted
a band position in the
Central
high school
of
Evansville,
Ind.

Mr. Gran-
row received his training at the
North
western
university
school
of music and is working on his mas-
ter’s degree at the same
school.
He will be remembered best as
a flutist by those who know him
in Proviso. In 1927 he represented
the school in the National High
School orchestra at Dallas, Texas,
under the direction of Joseph E.
Macdonald. The following year he
played in the same orchestra in
Chicago. Later, while attending
Northwestern university, he did
his practical teaching at Proviso
under J. Irving Tallmadge. Among
the many organizations in which
he has played are the 252nd Coast
Artillery band, the Transcontinental
symphony (now the Northwestern
symphony orchestra), and the
Pep Band at Elgin College sponsored
(Continued on page 16).

Opening of Proviso high school Tuesday morning found H. E. Hansen (third from left), resident engineer for the architects, Consoer, Townsend & Quinlan, Inc., and J. King (fourth from left), superintendent for James McHugh Company, general contractors, reviewing with Athletic Director S. O. Storby and Superintendent E. H. Siefert (two on left), and R. W. Marshall (right) of the faculty, the progress made on the construction of the new fieldhouse over the summer.

Henry W. Granlow

The imposing lines of Proviso’s
new gymnasium-fieldhouse, the
largest building project of the year
in Proviso township, are inviting
music and is working on his mas-
ter’s degree at the same
school.
He will be remembered best as
a flutist by those who know him
in Proviso. In 1927 he represented
the school in the National High
School orchestra at Dallas, Texas,

Proviso Fieldhouse Nears Completion

Mr. King, McHugh’s superin-
tendent, emphasized the unusual
smoothness with which the whole
project has advanced, giving credit
to the Board of Proviso for its
interest and cooperation, to many
sub-contractors, and espe-
cially to the attitude of the build-
ing tradesmen during the epidemic
of “strike fever” in the early sum-
mer. All trades employed on the
structure have worked in har-
mony. Not a single day has been
lost through labor trouble.

John M. Newcomer, president of
the board, when interviewed, was
equally anxious to give credit to
the general contractors for this
cooperation with the board in let-
ting all the contracts for labor
and material to local bidders
whenever possible. The bulk of
the material was purchased in
Proviso township, most of the con-
tacts were let to local firms and
even outside contractors used lo-
cal help wherever possible. Mr. King was very complimentary of the
high type of building trades-
men available locally.

The building still under con-
struction, is open to inspection
by the public. At an “open
house” to be held after the build-
ing is completed, the public will
get an opportunity to inspect
every detail of one of the finest
and most useful buildings of its
type in the country.

Desplains River
Takes Two Lives
Over the Holiday

Two boys, Stanley 19, and Joseph 15, Matzarski, of Chicago, met death in the waters of the DesPlaines river on Labor Day afternoon. With their two companions, Theodore and Robert Kazmierski, the two boys were enjoying their last holiday before school in an extended bicycle trip that took them from their homes at 1415 Maplewood in Chicago through the Forest Preserve.

Riding along the edge of the river, near Lake street, Joseph must have lost control of his wheel and plunged into the river. His brother Stanley, dove in after him, but neither boy could swim. The Kazmierski boys, who were also unable to swim, made futile attempts to rescue both boys with a pole.

By the time the River Forest police had been called and fished the bodies from the river, it was too late. Police and firemen worked on both bodies with breakers. Dr. Charles Griffith finally pronounced them dead. A coroners jury found both boys had drowned. They are the four lives claimed in the DesPlaines River since early in the morning until the close of the day and those interested in the affair are grateful to all who in any way helped to make the undertaking a success.

The children worked faithfully from early in the morning until the close, and those interested in the affair are grateful to all who in any way helped to make the undertaking a success.

Dorothy Engler won first prize, having secured $8.15 for her tags. Second prize was won by Corrine Culotta, third by Betty Karras, fourth by Stephanie Novak and fifth by Edith Orlandino. The other children received movie passes.

Cohen—Marks
Time

By LEONARD COHEN
Sports Editor

Although the Maywood recreation softball league, under the supervision of John Ludlam, enjoyed a successful season this summer, there is a power which is slowly undermining the ball and the sport here, and that power is not restricting itself to Maywood alone; many villages with larger night leagues are fighting the same difficulties and ultimate softball played before dark will lose much of its color. That power is night softball.

Proviso and Berwyn stand in the immediate vicinity at first was a novelty. It was a novelty which involved play by girls. At this stage of the development of night softball, men players did dream of participating. They continued in the same light leagues, such as in Maywood, but some of their color.

Just as Berwyn and Naperville went commercial and built night fields, Naperville began night softball games, the National Softball meet, Berwyn erected a metropolitan softball tournament at their lighted field. The star talent was stillassin, the girls, because the night softball was slowly gaining the notice of the better softball players. They continued to play under these conditions. It was a novelty and they continued to taste of the novelty.

So the best players saw plenty of baseball under lights. But only the better players received the opportunity to play under those lights, and the Simon-pure amateur who was selected for the nightZone did not fit in. The stars began a trek for recreation. The night softball was a novelty, but theSimon-pure amateur who was selected for this novel sport did not fit in. The stars, the best players, saw plenty of baseball under lights. In the immediate vicinity at first was a novelty. It was a novelty which involved play by girls. At this stage of the development of night softball, men players did dream of participating. They continued in the same light leagues, such as in Maywood, but some of their color.

Just as Berwyn and Naperville went commercial and built night fields, Naperville began night softball games, the National Softball meet, Berwyn erected a metropolitan softball tournament at their lighted field. The star talent was stillassin, the girls, because the night softball was slowly gaining the notice of the better softball players. They continued to play under these conditions. Legion Post
Auxiliary in Installation
(Continued from page 1)
The auxiliary will be seen in a new form of ceremony, this year at which Mrs. May Duckett, past president of Maywood unit and president-elect of the Cook County council, will officiate, as installing officer. Assisting her will be Mrs. Eleanor Dore, past president, who will serve as installing sergeant-at-arms. Nine additional past presidents also will assist in the installation, in the following order: Florence Rasmussen, Esther Volckman, Ann Kamm, Amy Wright, Elise Karr, Emma Karr, Mae Wallingsford, Florence Rasmussen, past president of Maywood unit, and the auxiliary chairman of installation while Philip Bechely acts in like capacity for the post.

The Cook County council of the American Legion auxiliary will hold its annual meeting Saturday at the Drake hotel. This is an occasion of much interest to members in Maywood because a past president and former resident of Maywood, Mrs. May Duckett, will be installed as president of the council for the ensuing year.

Mrs. Duckett has been an active member in auxiliary circles for many years and has served her district, county and state in many important capacities. She brings to the presidency of the council a charming personality, well versed in all the many programs of the Legion and auxiliary.

While there will be various sessions during the day from 10 o'clock in the morning, the most outstanding event will be the installation and election and installation of officers which takes place at 12:30 p.m. in the Silver Forest room. Maywood is having a large delegation attend this event to honor Mrs. Duckett.

Mrs. Robert Lee Moffett, in addition to the two lectures to be given daily at the Maywood library, will speak to the Kiwanis club of Maywood September 13 on "New Outlook on World Affairs."

The Kiwanis club will hear her on "The Solution of the Economic Problem," at its meeting on September 16.

The speakers, Mrs. Moffett, is touring through the Maywood Baha'i group, which is sponsoring the series of lectures in the library from September 12 to 19 both inclusive, twice daily.

The lectures will be illustrated with films and graphic charts. Mrs. Moffett is a prominent Chicago woman who has spent a summer at Geneva, Switzerland, as a student of the School of Foreign Affairs, and just recently interviewed internationally known economists and statesmen.

Mrs. Moffett's traveling and study mark her as a prominent woman on the lecture platform, speaking on such a diversified and inclusive list of subjects.

The series will continue for one week and the public is invited. There is no admission charge or collection of any kind.

the village, but everything is under control. Condie Brown's Jonestowners should have been reported long ago, as this will just serve to remind her of something she tipped to forget, as she was a pretty sick girl.

Jo and Al Lomax were out one week-end and stayed long enough to be sold on the idea of a big bike for and by Joann, who will stay out here until Chicago schools open.

Rene and Ernie Took with Edna and Michael Soda (you remember the latter's wedding about a year ago) transported themselves back to the scenes of childhood (for the girls, who are sisters) at Iron Mountain, Crystal Falls and all points north in the peninsula of Michigan. They were so tired when they returned Labor Day they should have had a good time.

And have you heard that the Blackhalls skimmed over to Cleveland and the Great Lakes exposition? They visited Mrs. Blackhall's paw and maw and came back with assurances that they will be received again next year.

Niece, Bud.

Name Proviso Alumnus Grade Band Director

(Continued from page 1) by the late Leo J. Smith, 1405 South Fifteenth Avenue, who was treasurer of District 89 Band Parents' Association in 1930 and also a member of the Proviso Band Parents' executive board.

But to return to Mr. Granzow as connected with the Avenue State Bank of Oak Park, where he was employed while working his way through Northwestern University.

Mrs. Granzow, the former Nina Lee Cunningham, was also prominent in Proviso high school activities, having been literary editor of the Pajogen and editor-in-chief of the Provi, school yearbook, in 1929.

For the last two years Mr. and Mrs. Granzow have lived in Bangor, Mich., where the former has been doing the instrumental work in the grade and high schools. The region surrounding Bangor is noted as an apple country and the school band of sixty players toured through surrounding towns in a radius of fifty miles, playing and advertising Apple week.

His activities in a smaller school system did not confuse Mr. Granzow in music alone, for he sponsored a model airplane club for boys; directed a young people's choir, and was music director for the local Kiwanis club. He is an enthusiastic softball fan and plays often in twilight games. As an additional hobby he gives some attention to wood turning, and hopes to set up his modest basement shop later as soon as pressure of real duties lessens.

Mr. Shepard expressed great pleasure when told of his successor's appointment to the district 89 band, and predicts a happy season for him.

Over at Proviso high Mr. Tallmadge said: "Having watched Henry's work since he was a student at Proviso, I think he's one of a very few who has the ability to follow Mr. Shepard's v ' e. He rates as one of Proviso's outstanding musicians and possesses a wonderful and unusually thorough background. I've watched his development in the instrumental field," Mr. Tallmadge added, "and delighted that success has brought him poise, maturity, and an understanding of young people."

Also comes a word of commendation from Emil Eck, Chicago Symphony Bantist, who was Mr. Granzow's flute teacher at Northwestern university. Mr. Eck's verbal reaction ran thus: "This is good news, indeed! Henry is a thorough-going student, a splendid young man, and one whose influence over your band boys and girls your parents should value greatly."

The Band Parents' association, through its president, John Oxley, and Mrs. Oxley, 624 South Twentieth avenue, on Friday evening in compliment to Mr. and Mrs. Wesley Shepard, who left Tuesday for their new home in Woodwood.

The executive board of district 89 band Parents' association was entertained by the president, John Oxley, and Mrs. Oxley, 624 South Twentieth avenue, on Friday evening in compliment to Mr. and Mrs. Wesley Shepard, who left Tuesday for their new home in Woodwood.

The evening also was the occasion of the introduction of the new bandmaster and his wife. Mr. and Mrs. Henry Granzow, moving pictures of the band's activities last year were shown with the picture machine given Mr. Shepard by the band students some years ago.

Refreshments and music concluded a friendly get-together with the good wishes for the Shepard's and success for the Granzows in their new field.
