The second of a series of Sunday afternoon band concerts being presented this winter by the Maywood Band is held for the high school auditorium this Sunday afternoon. Four groups of band members and four solo and ensemble numbers make this second concert. Above is a picture of the band, which is directed by J. Irving Tallmadge.

Suggestions of Shoppers Sought Here

A. W. Powers, newly elected president of the Greater Maywood association, announced Tuesday that $5 will be paid the writer of the best letter on "Why I Don't Shop in Maywood." Letters should be sent to the association's secretary, Frank M. Davison, 1209 South Fifth avenue, and will be eligible should be in his hands by February 9.

The contest is the first step of the association's program to establish firmer contact between merchants and shoppers in the village. A second step is the appointment of a Good Will committee, whose function it will be to work out improvements advantageous to the buying public.

The association already has tackled the parking problem in the shopping district and has succeeded in solving the jam almost completely along North and South Fifth avenues.

Mr. Powers was elected president at a meeting Monday night in the Proviso Deposit company building at 407 Madison street. Others elected were: Hugh Murl, vice president; Mr. Davison, secretary; and C. N. Frees, treasurer. Elected to the board of directors were: William Wittig, Robert Theriault, Charles Hurl, and Milton Sebastian.

In announcing the "Why I Don't Shop in Maywood" contest, Mr. Powers emphasized that the purpose is to invite suggestions from residents in the hope that they will prove valuable to merchants as well as to the association. The Greater Maywood's platform will be outlined chiefly from suggestions contained in these letters, he said.

About 30 listeners attended the meeting. Refreshments were served at the close of the business session. February 7 is the date of the next meeting.

Illini Interludes
By MARGARET KELLY

Champaign, Ill.—Dr. T. Z. Xoo, Chinese secretary of the World Student Christian Federation, spoke here last week in behalf of a national fund-raising campaign to help Chinese students whose schools have been destroyed in the Sino-Japanese war. Dr. Xoo in a second address, entitled "Tragedy Over Asia," laid the cause of the strife to Japan's overpopulation and her need for raw materials and markets, both of which she hopes to obtain in China. So far, more than $200 has been contributed to the student fund.

Maryellen Glerum, '39, a member of Delta Upsilon fraternity, is a member of Illini Theatre Guild Apprentices, freshman dramatic group, and also belongs to a newly-formed freshman political party. He is active in the Y.M.C.A. and is now taking a pre-legal course in the common school. He believes that Illinois is a "good place to keep you up to speed."

Champaign, Ill.—Mr. Charles Taylor, an engineering student of the University of Illinois, has been appointed chairman of the education department at the University of Illinois. He succeeds Dr. J. D. Mooney, who has been appointed director of the department of physical education. Mr. Taylor has been a member of the University faculty for ten years and has been associated with the department of engineering for six years. He is a graduate of the University of Illinois and holds a degree in electrical engineering. He is a member of the American Society of Civil Engineers and the Institute of Electrical and Electronic Engineers.

MAYWOOD, ILL.
THE WINTER SOLSTICE

Only a few days ago the sun reversed its course and started north again. Even moderns who live under roofs feel the change. Animals sense it. The quality of sunlight affected birds and bees, and they battled through the cold.

Men of this zone know they have before them many bitter cold days before warmth of the great star reaches the earth and eases roots and seeds, the fruit of which keep men alive. Perhaps that is why we do not sing as the birds sing at the first evidence of the year.

The world has gone more excited by this annual miracle, promising plenty for him after the cold weather. He knew his simple world and may have been certain that if the sun did its part man would be warmed.

The natural appears to play a but a small part in our affairs. The artificial is the important phase. Crops may be good and nature may give up her travail. Their work in the last two decades has brought the greatest disasters, greatest than wind, fire, floods, earthquakes and pestilence.

The desire to know more and as they progress in knowledge, they appear to be more uneasy and the end is not in sight as 1938 begins its course into history. Our achieve­ments have not relieved us of trouble. Sometimes it seems that the farther we go, the more trouble we catch up with, at home and abroad. Man's stupidity prev­erber. The weather in the last two decades has been mankind.

I have been lost all these years and it was after midnight when the service was held for which the Rev. William Cramer, pastor of St. John's Evangelical church of Melrose Park, conducted this week.

Mrs. Foster was born in Water­ford, Wis., and was married on Oct. 22, 1897 and as a youngster delivered newspaper in Maywood. Miss Foster is a graduate of the University of Wisconsin and has been active in work in various Woman's Clubs in the Chicago area. She is a member of the American Association of University Women and is a member of their National Executive Board. She is Past President of the Chicago Association of University Women.

Mrs. Foster had the following children: Martha Jane, who is now a teacher in a school in Wisconsin; Walter Foster, who is an engineer in the United States Air Force; and William Foster, who is a sales manager in the United States Steel Corporation.

The family lived in Maywood for many years and were active in the community. They were members of the First Presbyterian Church of Maywood and were very active in the various community organizations.

The family has always been very supportive of the community and have been active in various fundraising events. They have been very active in the Maywood High School Booster Club and have contributed generously to the school.

Mrs. Foster was a very kind and caring person who always had a smile for everyone. She was very involved in the community and was loved by all who knew her.

The family is very grateful for the support and love they received during this difficult time. They would like to thank everyone who has been there for them throughout this time.

They would also like to thank the staff of Maywood Memorial Hospital for their care and dedication. They are very grateful for the love and support they received during this difficult time.

The family is very grateful for the support and love they received during this difficult time. They would like to thank everyone who has been there for them throughout this time.

Maybe on Jan. 16 West Towns and 'L' Will Transfer

(Continued from page 1) company had failed to make a proper showing for a rehearing. Robert C. Barney, attorney for Oak Park, said after the petition for a rehearing was denied by the commission: "The company will no doubt appeal but I doubt that a stay order will be allowed or that the company will obtain a stay from the Circuit court or an injunction. In other words it is quite probable that the transfer order will go into effect for a six month trial period before the end of January." Stories made by the companies and by engineers of the state commission lead to an estimate that at present 3,000 persons use both the West Towns and "L" lines every day for a round trip, making their daily fare 40 cents. Under the new arrangement it would be 30 cents, a saving of 60 cents per week per passenger. Unless the lower fare and transfer system increases traffic during the 6 month period, the arrangement will be a net loss to both companies and probably would be terminated.

Art Hagg Leads Bowlers to Win in Baptist Meet

Art Hagg and his dynamic bowlers roared rough-shod over their opponents last Monday night in the Baptist Bowling League at Bosco Brothers alley.

Art and his team made a clean sweep of their three-game series. Art himself set the pace with a high 234 game for single high game honors for the night. Reelma Watts came through with a 233 game, duplicated in the score of the week before.

Before there were separate top and bottom teams. An upset might easily change the present.

Spectators are invited to watch the Baptist Bowling league in action every Monday night.

Marking Time

(Continued from page 10)

Petrovich are keeping New Era in first place while Merchants, with Hahns and Ermisch staggering, are out to topple them. The only challenge is right behind New Era.

In the other games Cardinals mixed up with Blue Jays and Blue Jays meet Ermisch All-Stars. Blue Jays are leading with the Red Birds and Ermisch's All-Stars, are tied for third place. Two, the Cardinals and E. A. Hill Contractors are tied for second place. Four teams, the Blue Jays and Smoky Stovers, are tied for fourth place. The three remaining teams have yet to win a game.

The Maywood Merchants won two games last week by two-point margins. All the teams in first place have had two close victories.

The prognosticators have it that any of the first nine teams are capable of emerging the eventual winner. However, others seem to feel that the eventual winner will come between the Beavers, New Era Printers and Maywood Merchants.

The Maywood Merchants, Minnie Men and Pards are leading with the Red Birds and Ermisch's All-Stars, are tied for third place. Two, the Blue Jays and Smoky Stovers, are tied for fourth place. The three remaining teams have yet to win a game.

The Mayrose Women's Bowling League resumed play January 7 after a two-week holiday vacation. Many of the bowlers came back with their best game of the season bowled by the number of over 500, three games and five series bowled by the following:

Androes, 37; Carson, 35; Paulsen, 24; Haines, 23; Eims- minger, 50; Willing, 55. Risk Misters took three games from Avalon Beauty Shop and Herman Woes Insurance while-washed Willid Coal. High game for 234 was bowled by Haines, with Willing following with 236.

In the junior "B" division the Red Devils and Smoky Stovers are tied for second place with the Beavers, New Era Printers and Maywood Merchants. The "B" division of the men's basketball league is staging one of the most thrilling races ever seen in Maywood. After four weeks of play, three teams, the Beavers, New Era Printers and Maywood Merchants, are undefeated and tied for first place. Two teams, the Cardinals and E. A. Hill Contractors are tied for second place. Four teams, the Blue Jays and Smoky Stovers, are tied for third place. Two teams, the Blue Jays and Smoky Stovers, are tied for fourth place. - Travel "insurance"
- Motorcycle Tours
- Travel Insurance
- Motorcoach Tours
- Travelers Cheques
- Money Orders

The bureau will be known as the Oak Leaves Travel Bureau-American Express Travel Service. J. Gordon Aiken has been appointed manager.

Mr. Aiken comes to his post from the sales staff of the American Express Chicago headquarters at 178 North Michigan Avenue. For many years in the travel field, Mr. Aiken has sold all types of travel, both as conducted foreign and domestic tour and cruise parties.

With a man of his experience at his command, the bureau is in an excellent position to serve the travel urge within the hearts of Oak Park and River Forest residents.

Great Suburban citizens have been just about everywhere on this globe, and, in their wanderings it is safe to say that the majority of them have had the privilege of being at least in touch with an American Express office in one way or another. This is due to the world-wide services of the American Express, Mr. Aiken says. "That is why they will be interested to learn that this organization has been made a part of the commercial picture in these old-own villages. Yes, the Travel Bureau is now one of the great number of American Express Travel Bureau offices which includes a family of offices in some thirty states and hundreds of cities around the world."

The capitals of Paris, Rome, Cairo, almost wherever an American traveler may find himself, has the American Express office, a personal service—his mail awaiting him, his reservations made, his friends to welcome him, and an atmophere of home. The essential service of this service is nearly 80 important cities throughout the world, using in and in service. He is the man in blue—the American Express interpreter."

"That is only one angle of American Express aid to travelers. It really starts even before one leaves home to journey. The trip is one's mind's eye may be very vague, but under the experienced hands of a travel staff well versed in the technique of travel, the vague idea soon is clearly outlined. The prospective traveler merely confides his plans, and the travel man sketches the route, works out the itinerary, suggests the hotels, points out the various places of interest—in a word, he furnishes all the needs on route and takes care of them, leaving the traveler really free to enjoy his great adventure."

"But the American Express' interest in the traveler does not cease when he embarks on his journey. As stated above, he will find uniformed interpreters and couriers at ports, docks and frontiers, and will be helped along through the customs. The company's offices are also mail and express. To avoid all confusion of foreign addresses, Americans leaving home have been helped by the American Express company in the various cities they intend to visit."

"True to its aim of freeing the traveler from every care, the American Express, as far back as 1891, invented the Travelers Cheques system. For the first time in history, travelers were in possession of a financial instrument which was acceptable everywhere they went, and which was insured against loss and theft."

"All over the world these Travelers Cheques are known and eagerly accepted. One can stop and dine at Hotel Cecil in London, at the Adlon in Berlin, at Sheppard's Pharaoh in Cairo, and pay the bill without further trouble."

"Incidentally, it was these Travelers Cheques which started the American Express on a career of serving those who carry their purses worldwide. This has resulted in the joining of great names in travel, and the beginning to bring the American Express the American dollars—"in money and in service. He is the man in blue"—the American Express interpreter."

Three Articles by Florence I. Otis Off Press

Miss Florence I. Otis, supervisor of student publications at Proviso high school, appeared in three articles printed three times last month, as author of a monograph on journalism, writer of an article dealing with the 1936 and 1937 Proviso yearbook at the school, and interviewer of Lew Sarret, of Northwestern university faculty, part of world renown.

The monograph is a twenty-page digest of journalism as a profession and deals with the history of the newspaper in the U.S., the field's newspapers present for employment, duties of men and women employed in different departments of a modern newspaper, the qualifications demanded of the individual for success, and the opportunities open to him or her who can make a go of it. Publication of the pamphlet was directed by Chloria Shade.

The interview with Lew Sarret appears in the December number of The English Journal, which is the official organ of the National Council of Teachers of English and is recognized as being the voice of authority in matters of the language and its literature. It is entitled "The Poet Philosopher," and catches the famous poet-naturalist in the garden of his home, Hickory Hollow, dividing his time equally between his dualities and his philosophy of education.

The Scholastic Editor carries the third of Miss Otis' articles, "The Prowl," to appear last month. The yearbook has consistently won national recognition, and in her article Miss Otis describes the spirit in which the annual is planned and how the staff is selected and directed, and offers some helpful hints to student editors for whom the magazine is printed.

Registration Is Opened in Adult Education School

Courses in typewriting, shorthand, bookkeeping, business English and office practice are available to adults at the Municipal building, 517 DesPlaines avenue. Forest Park, from 6:30 to 10 p.m. Classes are held every evening from Tuesday to Friday.

Maryn Loy Wears $100,000 Black Opal in New Film

The world's largest and rarest black opal became a motion picture "property of the day. The opal, "Green Goddess," was worn by Maryn Loy in a scene for "Double Wedding," opening Friday at the Lido theatre.

Owned by Charles H. Walton, of Pasadena, "Green Goddess" weighed 229.58 carats, and was to be photographed for the Lightning Ridge field in Australia. Walton reportedly weighed 229 carats before it was cut.

The Lightning Ridge field, the only one in the world to produce black opals, was discovered in 1924, and was completely exhausted of the stones.

Valued at $100,000, the "Green Goddess" was taken to the film studio by two armed guards.

The valuable jewel is an example of the stunning ornaments and clothes worn by Maryn Loy in the new picture in which she plays a small New York power broker's pretty. All of the star's clothes, as well as the jewelry, are owned by Mr. and Mrs. Marvin Rice, who plays a secondary lead in the picture, in which Miss Loy, as Adrian, and signal the latest in women's fashions.

William Powell is co-starred with Miss Loy for the seventh time, with "Double Wedding." Other stars in the cast include John Beul, Jesse Ralph and Edgar Kennedy.

Arts Club Will Have Nicols as Guest on Jan. 28

Dale Nicols, one of America's outstanding artists, will be the speaker at the regular meeting of the Maywood Art club, to be held January 28. The meeting will be conducted in Betty Hunter's home, 429 Sowville avenue, Oak Park.

Mr. Nicols, who won the William Randolph Hearst prize at the Art Institute of Chicago for his portrait of a soldier and is to be featured in the book, "America," will lecture and illustrate his talk, "The Philosophy of Art." His new book by the same name will be off the press next month.

Mr. Nicols' lecture promises to be one of the most interesting and educational of the season, for the Maywood Art club has been fortunate in the selection of the speakers for the year through the efforts of Mr. Caldwell, local artist.

The non art club members will act as hosts. All members may invite guests and two names must be invited and an invitation is being extended to the experimental art teachers in the grade schools of the district.

The members of the Maywood Art club are reminded that the dues for the year 1938-39 are now payable to Miss Sidney Hicks, or Frank Gilich.

Anyone in the community interested in the activities of the Maywood Art club as a layman or artist is invited to meet and converse with Miss Sidney Hicks, membership chairman.

Marry Boiland guides her darling daughter (a millionaire at stake in the RKO romantic comedy, "There Goes the Groom." Ann Sothern, above, and Burgess Meredith, who played a grim part in "Winter set," have the youthful leads. Yale audiences will see the film Sunday, Monday and Tuesday.

Radkies to Entertain Forest Park Friends

Mr. and Mrs. Richard Radkie, former residents of Forest Park, 91 Lockwood avenue, Chicago, will entertain a group of long time friends who reside in Forest Park Saturday evening. The party will include Mr. and Mrs. Randolph Know, Mr. and Mrs. George Wel, Mr. and Mrs. Franklin Perezohn, Mr. and Mrs. A. Ehrhardt, H. J. Mohr and others.

Nu Delta Theta Girls Close 1937 Program

Nu Delta Theta sorority brought its year's activity to a close in December with a meeting in Betty Armstrong's home, at which every member was present.

The two previous meetings were conducted in Betty Hitter's home and Isabel Gabain's. Elaine Werning, of the class of 1937 of Provost, is a new member. Tickets to a raffle being conducted by the sorority are now on sale.

Joan Crawford delineates the Cinderella story of a poor, but beautiful, girl who acquired luxury for a fleeting time and then became rich in love, in the picture, "The Bride Wore Red," which opens Sunday at the Yale theatre. Above she is sketched with two of her prince charmings—Robert Young (left) and Franchot Tone (right).

Beauty of South Seas Women Into Color Film at the Lido

The most successful color film that has yet reached the screen is the Technicolor sea story, "Ebb Tide," which opens Friday at the Lido. There has been no setting so far which shows itself as perfectly adapted to Technicolor photography as the South Pacific scene of this story by Robert Louis Stevenson and Lloyd Osbourn. The lush tropical vegetation, the bright blue of Pacific skies, and the water shalving of the South Pacific all needed to be filmed in color, and in "Ebb Tide" all their beauty is recorded to the best possible advantage. The result is a film of unique beauty.

The cast of "Ebb Tide" is headed by Osa Howlolla, Frances Farmer, Lloyd Nolan and Barry Fitzgerald.

"Ebb Tide" tells the story of four strangely assorted lives that are entangled on a little South Sea Island as a result of a death outside the group; and are separated at last by violence and murder in a fascinating tragedy run by a madman.

Howlolla, a broken sea captain, Milland, an expatriate Englishman, and Fitzgerald, a cunning Cookid, all go aboard the schoon-er "Golden State" when her capit-ain dies at sea. Percussion is the daughter of the dead emp-ire, and is aboard the ship when Howlolla decides to steal the boat and cargo. Milland protests, but is overruled by his companions. The ship is a lot lost in a storm before the quartet lands at a little island where Lloyd Nolan holds away. Nolan attempts to keep Miss Farmer on the island, and kills Howlolla and Fitzgerald when they attempt to rob him. Milland overpowers the maniac, and puts to sea again with Miss Farmer, planning to start a new life for the two of them.

Osa Howlolla, whose first name in this country came from his appearance in two English, made pictures, "Rhodes" and "A Woman Alone," makes his American debut in "Ebb Tide" under the auspicious circumstances, for the film proves to be an example of Stevenson's best sea yarns, as well as being picturistically beautiful.

The film was directed by James Hogan.

T.N.T. Girls Enjoy Evening of Bridge

The T. N. T. club, members of which are members of the Pro vo class of 1928, enjoyed an evening of bridge Tuesday last week in the home of Miss Georgie Reay. Honors went to Mrs. Iris- s.ng Weig and Miss Gladys Mielke. Arrangements for a tea to be given later were discussed.

Billy Hayes Installs Emil Hill as Its President

Emil Hill was installed president of the South Side Community club Friday night at the regular club meeting in the Garfield school auditorium.

Alfred Killjoy was the installa- ing officer for the 1938 board. Other officers are Delton Wahby, vice president; Mrs. Clarice Goodyear, corresponding secretary; George Patt-erson, treasurer; Henry Bugg, secretary; Mr. and Mrs. Sidney Hicks, means chairman; Oliver Anthes, reception chairman; Mrs. H. B. Burris, entertainment chairman; Mrs. Margaret, Ma- gna, membership chairman; Mrs. Dorothy Krane, refreshment chairman, and Mrs. Judith Eells, publicity chairman.

F. Porter and H. Sone gave musical vocal selections accom- panied by Mrs. D. Wagenke at the club.

Mrs. Waby presented a desk set to Mr. Antice, retiring president. Refreshments and dancing were enjoyed to music by Mr. and Mrs. Clarice Goodyear.

Mrs. John Troike is Hostess at Book Meet

Mrs. John Troike, 7323 Jackson boulevard, Forest Park, entertained the literary department of Forest Park Woman's club at her home Monday evening when Mrs. William J. Har- den reviewed the book, "Empire Firsts in America," by Irving Brown. Mrs. Wellburn B. Demonger, who pre- pared the review, was prevented from giving it because of the illness of her youngest. Refresh- ments were served at the close of the program, which had included expoxy music.
